Case No # C-1-01-564

Dear Honorable Judge Merz

On July 1, 2003 I address a Pro-Se Motion to the Court in a letter form. Asking this Honorable Court to Re-consider my Pro-Se Motion to the court on 11/20/02 for a court order requesting said counsel Mr. James W. Owen, Mr. Gregory S. Meyers to fulfill their legal obligations as my attorneys.

A, to open a line of communication with me & to share with me any & all decisions made upon my behalf as their client before this Honorable Court.

B, I ask this Honorable Court within that same Pro-se motion on 11/20/02 if the court find inappropriate to intervene. I am requesting that Mr. James W. Owen, Mr. Gregory S. Meyers be removed from representing me in Federal Court. On the grounds of a total lack of communication on their part between client & counsel before this Honorable Court.

Case # C-1-01-564

On 2/1/03 Honorable Judge Meef denied my Pro-Se Motion for a Court Order.

Stating in part, it is entirely inappropriate for this Court to intervene in the relationship between a attorney & client.

As of today September 2, 2003 this Honorable Court has not yet rule on the said to consider Pro-Se Motion before the court, & at least I haven't been notify of the court's decisions.

Again I submitted to this Honorable Court today 9/2/03 I have a really big problem with present counsel Mr. Owen, Mr. Meyers & their total lack of communication "for the last 8 1/2 months Mr. Owen, Mr. Meyers have refused to on some level to respond to my letters & inform me as to what direction & manner my case is being litigated before the court." Either by U.S. Mail or by visiting with me & explaining what is being done.

I truly believe I am not asking for alot from either attorney or this Honorable Court. At this time I do not feel comfortable or believe Mr. Owen, Mr. Meyers represent my best interest.

Sincerely
Clwood H. Jones Jr
